MAKINEX
PRODUCTS

The Makinex Mixing Station MS-100, previously known as the SmartMixx, is the ultimate mixing solution for self-levelling cements, compounds and epoxies, producing a perfect mix every time. Designed by Contractors for Contractors, this portable station provides efficient hands-free mixing and enables fast precision pouring of materials.

The Makinex Mixing Station is ultra-lightweight and the ergonomic design with easy tilt operation provides control and speed for precision pouring. It also features a dust/splash reduction cover for safer use and less mess
