B10 HIRE 9" SURFACE BLASTER MANUAL SPE 9EG

Weekly Hire: £625.00

This is a manual version of the automatic 9e and suitable for small and awkward areas such as corridors, where speed is not necessary Machine operates at approx 20 sq mtrs per hour (these estimations are based on single passes over an unpainted floor) and uses only S330 or S390shot. The use of a 316 dust control unit takes the waste away for disposal and keeps the operation dust-free.days hire for blast machine with dust control, 2 x ext leads, 2 x transformers£500.00 plus vat bag of shot £58.00
