A04 HIRE ELECTRIC BREAKER LARGE ROAD BREAKER

Weekly Hire: £130.00

The GSH 27 VC hammer is perfect for the toughest applications with a newly developed hammer mechanism which increases the material removal rate per hour by 50% compared to Bosch's previous model. The very low vibration of only 8 m/s2 enables a trigger time of over 3 hours per working day. This means fast work progress and more comfortable working for longer.FEATURESHigh impact performance due to 62 joules of impact energy and 1000 blows per minute..Very low vibration (only 8.5 m/s²) thanks to the decoupled handles...
