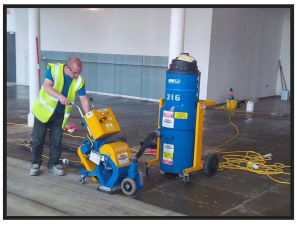
B41 HIRE 9" SURFACE BLASTER SPE 9ES AUTOBLAST



Weekly Hire: £725.00

A small compact machine suitable for the small contractors and the rental industry. Self-propelled and infinitely variable in all operations. Electrically powered. Recognized in the industry as the modern fast versatile environmental dust-free means to dry abrasive cleaning and texturing of horizontal or slightly inclined surfaces. This eliminates the mess normally associated with hand blasting. Leaves an ideal surface for coatings and overlays to be applied. This machine operates at approx 50m2 per hour on single...
