B45 HIRE 8" SURFACE BLASTER 3 PHASE / 415V

Weekly Hire: £820.00

210MM / 8" AUTO BLASTER ..The S210 40R is a compact powerful shot blaster for small to medium areas that runs from 3phase 415v power requirements, ...The blasting process is fully enclosed ensuring a dust-free application. The surface is prepared by steel abrasive propelled onto the surface..at high velocity. The abrasive removes contamination and textures the surface in one process, the abrasive is..then recycled into the hopper and the debris is removed by the connected dust collection vacuum that is an extra...

Product Details	
Category/Type	***FLOOR BLASTING***
Make	***B45 HIRE 8" SURFACE BLASTER***
Model	***3 PHASE / 415V***
Power	***415V 3 PHASE 32amp 5pin***
Weight	***114KGS***

Units 1 to 4, Park Road Ind Est, Risca, NP11 6PU
