D34 HIRE BUSH HAMMER HEAD FITS TO SELECTIVE DFG GRINDER

Weekly Hire: £60.00

This attachment when fitted to our range of DFG grinders has 5 heads fitted that can remove most surface laitance from concrete and leave it keyed for new coating or if further stages of diamond polishing are needed due to the full exposure of the aggregate.It Leaves the surface similar to a milled or shot-blasted surface.This should not be used for any adhesive or sticky residue although can be used on some asphalt, not tarmac surfaces, and not suitable for resin removals.normally used on the dfg250 petrol grinder...
